

DON'T BE SORRY BE SURE

“Don't Be Sorry Be Sure” is an initiative undertaken by Afiswitch to provide a professional and efficient criminal background screening service, contributing to reducing crime and manage risk. Criminal background screening can be performed on employees or contractors by means of fingerprints.

Accurate and up to date criminal records on individuals are possible through Afiswitch.

THE DON'T BE SORRY, BE SURE COMMUNITY

Daily crime reports on various media and social networking platforms indicate that there is a need for the public to become more vigilant and proactive by using preventative measures to enhance safety and security within their homes and businesses.

When employing or contracting people into your business or home, make sure you do the due diligence before making a decision you may end up regretting.
